- **Scoring, Live/Dead Ball and Possession**
- 1 point will be awarded for each basket made.
- 1 point will be awarded for each free throw made. Two points will be awarded for each basket made behind the 3-point line.
- A coin toss will determine the initial possession, whoever wins the coin toss gets the ball first and the alternating possession process begins.

- Ball will be taken back behind the 3-point line
- The defensive player or game referee must check the ball before it is put into play. This will be decided at the beginning of the game. For play to begin, the offensive team passing the ball in must be behind the 3-point line and must pass the ball in to a teammate on all changes of possession.
- The first team to score 21 points wins the game. To be declared the winner before the 25 minute mark is reached the winning team must have a two point lead. At the 25 minute mark, whichever team has the lead wins, even if only by 1 point. If game reaches the 25 minute mark before a winner is declared, then the game goes into sudden death (coin toss to determine possession) - next team to score wins.

### **Time**

- There will be a continuously running clock.
- Each game will be 25 minutes in length
- If a team does not have at least 3 players ready to play within 5 minutes after their official start time they will forfeit the game.
- Player substitution is permitted during any dead ball situation. The substitute player is required to check in at the scorer's table before entering the game.

### **Court**

- The top, sides and bottom of the backboard are inbounds. The metal support pieces and base unit of the backboard are out of bounds. Stepping on the baseline, sidelines and mid-court line is out of bounds.
